## **ADDICTION TREATMENT WORKS**

Addiction treatment saves money by reducing the costs of health care and emergency room visits, criminal justice proceedings, imprisonment, food stamps, unemployment, workers' compensation, child welfare, and other related services. In Oregon, every \$1 invested in treatment saves \$5.60 in other costs. To view the Oregon Research Brief on Addiction Treatment Effectiveness, visit: [www.nfattc.org/Outcomeflyer.pdf](http://www.nfattc.org/Outcomeflyer.pdf).
